

# Checking Out a Kindle Book

---

Kindle library books require a computer for download, and are not available directly on the Kindle device.

Go to <http://netldc.lib.overdrive.com/> and log in to your account.  
(click "My Account" choose Tyler Public Library from the dropdown menu and enter your library card number)

You can use the advanced search page to locate only Kindle books. There is also a check box to limit results to only items which are currently available, if you wish to do so.
